

Dear Sir / Madam,

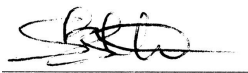

RE: INVITATION TO THE 7TH KENIC ANNUAL GENERAL MEETING

Since inception in 2003, KENIC has facilitated the growth of the dot KE Registry to over 13,000 domain names, enhanced the stability and resilience of the local Internet in Kenya, promoted regional corporation among other Country Code Top Level domains (ccTLD) managers and hosted regional capacity building workshops. These achievements have contributed to the recognition of KENIC by the African Top Level Domain (AfTLD), Internet Corporation for Assigned Names and Numbers (ICANN), African Network Operators Group (AfNOG), African Network Information Center (AfriNIC) and other regional and international Internet management bodies, as a successful registry model worth emulating.

To keep abreast with the dynamic evolution of the internet sector, improve the quality of .KE namespace and further our mandate, the KENIC board is pleased to invite you to the seventh KENIC Open Public Forum to be held on **Friday 2nd of July 2010** at the **Sarova Panafric Hotel** from **0800hrs**. The forum will be a focal point for bottom-up multi-stakeholder discussions of the KENIC policies and developments. Thereafter, the same venue will host KENIC's seventh Annual General Meeting (AGM) to which you are invited to witness. Details of the AGM shall be availed on the KENIC website <http://www.kenic.or.ke> .

We look forward to your participation at the events. Kindly confirm your attendance by sending an email to : agm@kenic.or.ke.

Yours Sincerely,

Sammy Buruchara
Chairman
